Speakers: Dr. Collin Garbarino

Topic: The Birth of Democracy

Everyone in America knows that democracy is the best form of government. It's become an article of faith that if anything is wrong with the government, the best cure would be to apply just a little more democracy. But what exactly is democracy, and does it always lead to good outcomes? In this talk we'll look at how Athens gave birth to democracy and we'll look at why America's Founding Fathers rejected Athenian democracy as a viable model for our Constitution.
